Now Is Forever

Eiffel 65

the past is all that's gone
the future is yet to come.
this moment is all our own.
we should live this way
just building up our day
now and forever.
the past is all that's gone
the future is yet to come.
this moment is all our own.
we should live this way
just building up our day
now and forever.we should think about
what we got right now
cause the good things are made up of time.
smile to your problems,
leave the past behind.
never forget this.
find the truth in your soul,
keeping you alive.
going on from minute to minute.
don't shade the future,
with all that's behind.
live for today.the past is all that's gone,
the future is yet to come.
this moment is all our own.
we should live this way,
just building up our day,
now and forever.
the past is all that's gone,
the future is yet to come.
this moment is all our own.
we should live this way,
just building up our day,
now and forever.
don't shade your future,
with what you don't have.
keep your mind on that's here today.
now and forever,
build the future now.

keep this mind.
though you will take your time,
to get what you need,
but you'll do it step after step.
yet to come is all that's gone,
learn to lice this moment.
live for today.
