

Alexander The Medium

Jefferson Airplane

When the time does come near again
When the day does seem clear again
 Make it in the night time
 The dreams ends in the light time
 All of you come away
 Just a bow shot away
 Let me tell you 'bout a story now
 A tale of glory and power
 And I don't even know your name
But I thought I'd tell you all about it just the same
We are all creatures of fame, lightness and liberty
 In the times of the olden times
 Of ancient ladies and maritime splendor
 Priests of Karnak and Thebes
 Could walk through the ocean and the seas
 When the pyramid she would sigh
 The waters streamed from the sky
 The ocean you know is your friend
 Your brother and sister just as sure as sin

 Put your hands in the water
 Rest your feet on the sea
 You don't have to let your body die
You can come back again if you try, if you try
 This song was made then by you and me
 A billion years before these oceans rolled
 Oh I can see you burning brightly
 You shine like silver like sun gold
 And a hundred years from today
 All you people will be gone away
 Down into the heart of the sea
 Back to the time of wonderwhy you and me
 And I don't even know your name
But I thought I'd tell you all about it just the same
If you laugh real hard you win the game - hands down
 Before old Alexander 'twas just the same as now
Can you smell the blood of fame, lightness and liberty?
