Everything I Do

Whiskeytown

Shes got diamonds in her eyes that she likes to hide
Seek and you will find the hiding, seeking kind
Shes got rings wrapped around her precious things
And what the day brings, oh its no surpriseDont you ask me how Im doing
When everything I do says, "I miss you"
Dont you ask me how Im doing
When everything I do, when everything I do
When everything I do says, "I, I miss you"Shes got diamonds in her eyes that she likes to hide
Seek and you will find the hiding, seeking kind
And shes got rings wrapped around her precious things
What the day brings, oh its no surpriseDont you ask me how Im doing
When everything I do says, "I miss you"
Dont you ask me how Im doing
When everything I do, when everything I do
When everything I do says, "I miss you"Shes got diamonds in her eyes that she likes to hide
Seek and you will find the hiding, seeking kind
Shes got rings wrapped around her precious things
And what the day brings, oh its no surpriseDont you ask me how Im doing
When everything I do says, "I miss you"
Dont you ask me how Im doing
When everything I do, when everything I do
When everything I do
