In This Moment

Scarlet Fade

Verse:
Angry within me
Holding pieces of my tears
That have frozen in mid-air
This is what you do to mePre-chorus:
And even though
Im unashamed
To be here by your side
Its hard waiting so long this timeChorus:
Oh, God I cant do this
Im dying from within
And in this moment I would die
I cant do this without you
By my side (2x)Verse:
To see your smile
Is what would make it all
Worthwhile and in the end
I will see you someday
