Afro Blue (feat. Erykah Badu)

Robert Glasper

Dream of a land my soul is from
I hear a hand stroke on a drumShades of delight cocoa hue
Rich as the night, afro blueElegant boy, beautiful girl
Dancing for joy, delicate whirlShades of delight cocoa hue
Rich as the night, afro blueTwo lovers dance face to face with undulating grace
They gently sway then slip away to some secluded placeShades of delight cocoa hue
Rich as the night, afro blueDream of a land my soul is from
I hear a hand stroke on a drumShades of delight cocoa hue
Rich as the night afro blueElegant boy, beautiful girl
Dancing for joy, delicate whirlShades of delight cocoa hue
Rich as the night afro blueTwo lovers dance face to face with undulating grace
They gently sway then slip away to some secluded placeShades of delight cocoa hue
Rich as the night afro blue
