Free Fall

Kelly Rowland

well let's say im free
dosen't mean i go away from you
i'll love you till the end
i'll be there for you
Babe can't you see im free
i wanna have fun
wanna party all night
so let me if you love me
i love you but not the same
as i use to
we were friends then became
an iteam which was a bad idea
it wrecked our friendship

Now were not ever talkin to one another
i love you but not the same
as i use to
i miss you, i feel so lonely
Babe can't you see im free
i wanna have fun
wanna party all night
so let me if you love
la,la,la,la,la,la,la
ohhh i love you
but not in the same way
as i use to
