

Don't Call My Name (Stimming Remix)

Pool

VERSE 1:

don't call my name
and don't you dare to make a claim
don't you complain
and tell me every guy's the same
i'm gonna leave a white stain
'cause that was my only aim
the rest goes against the grain for me

CHORUS:

this is more business than a vibe
you just someone i know by sight
turn of the light 'cause I've got pride
face the fact that you don't have no might

VERSE 2:

don't call my name
and stop to think 'cause you don't feel with your brain
you'll never gain any fame
'cause naked or not you look the same
your picture won't get a frame
'cause what I'm trying to explain
is that the rest goes against the grain for me

CHORUS:

this is more business than a vibe
you just someone i know by sight
turn of the light 'cause I've got pride
face the fact that you don't have no might
