Press Pause

Danity Kane

I don't ever wanna leave your arms
When you're holdin' me, I'm so caught up in the moment, baby
Whatever you tell me I believe you right away
When I play I that craze spend with you, I wish I could
Press pause on like sisters know where to rewind
Really wish we had more time, fast forward through the time
Press pause on like really wanna feel like you're all mine
Everything is fine when you're here
Every problem, every issue doesn't matter when I'm with you, boy
I'm so into you, my baby
Every time we kiss time just stops, oh, I miss you
And I think of days spent with you, I wish I could
Press pause on like sisters know where to rewind
Really wish we had more time, fast forward through the time
Press pause on like really wanna feel like you're all mine
Everything is fine when you're here
I'm in love with you, can't get enough of you

When you're around me I feel like everything's okay
I'm in love with you, can't get enough of you
When you're around me I feel like everything's okay
Press pause on like sisters know where to rewind
Really wish we had more time, fast forward through the time
Press pause on like really wanna feel like you're all mine
Everything is fine when you're here
Sometimes I wish, I could rewind
Just wanna be with you baby, wish I could find a way
Really been missin' you baby, you baby, you baby
I really been missin' you baby, you baby, you baby
I really been missin' you baby
Press pause on like sisters know where to rewind
Really wish we had more time, fast forward through the time
Press pause on like really wanna feel like you're all mine
Everything is fine when you're here
