

# Three Miles Down

## Saves the Day

Oh great! here I go again I'm stuck in this rut  
Not sure how to begin should I tell you everything?  
I'm feeling out of luck so I won't see you soon  
'Cause I know it's too soon for you to see me If this is the last thing you do  
Just tell me that it's okay for me  
To have these feelings for you  
And that it's normal to want to call you Oh I'm dialing the phone letting it ring for hours  
Pretending to hear your voice  
Why does my heart always beat before yours does? After a while you can  
Make yourself believe in almost anything  
Making myself believe in you
