

# 4 on the Floor

## Mr. President

Chorus:

Make it 4 on the floor -  
Tonight  
And the dance will be alright  
Make it 4 on the floor -  
So tight  
Boredom is way outta sight  
Make it 4 on the floor

Verse 1:

Everyday I feel so forlorn  
I can't wait  
'Til the night has come  
When the stars are high above  
I look at the moon  
'Cos I believe  
Yes I believe in what I feel  
Just when I see the people  
Dancing round and round

Chorus

Verse it know if I'll get the chance  
To get to know why I have to dance  
And the music makes me do things  
I wouldn't do  
Then I receive  
Yes I receive a dizzy feel  
I'm inclined to get on off  
And hit the floor

Rap:

I need a chance  
As we dance  
We together on the floor  
Move closer I need more  
Swing your body  
Let me feel your heat  
We romance to the rhythm  
And the beat  
Just the two of us who needs more  
One two three four on the floor  
Deep in the night

When the stars are high above  
I feel the emotions of the people  
Living for the dance  
That's why the DJ Gotta make it 4 on the floor  
Chorus
