Sensimilla

Staylefish

But everybody wants to get some
Sensimilla
And everybody wants to get some
We want our SensimillaAnd everybody wants to get some
We want the Sensimilla
And everybody wants to get some
We want the SensimillaYou know that it's better to smoke it
Said in the morning time, time, time
But when you wake you bake
You know that everything will be just fine, so fineYou know that it's better to smoke that shit
Said in the morning time
But when you wake you bake
You know that Jah, Jah say, "You be just fine, so fine"The people said everybody wants to get some
They want the Sensimilla
And everybody wants to get some
Give me my SensimillaAnd everybody wants to get some
I want the Sensimilla
And everybody wants to get some
But then he call the doctor for meBut yes, this is a case of emergency
You know we rockin' 105.3
We comin' to give the good lovin'
Like she givin' it to meSo listen the people say yeah
But everybody wants to get some
Sensimilla
And everybody wants to get someGive me my Sensimilla
And everybody wants to get some
Won't give me the Sensimilla
And everybody wants to get some
