I'm Gonna Live Tonight

Mental Theo

Here we go
Once again
Broken dreams
Shattered plans
Out of the clouds and free
Another ending of you and me
Brand new day
Now is the time
To find my way
Realign
Hole new blank page to write
Finally I'm gonna live my life

So now I've got a simple plan
It feels good to be alone again

So now we know we got that right
Finally I'm gonna live tonight!
