Behind the Beauty

Josh Wilson

Does a sunrise somehow give you hope?
Does a newborn baby stir something in your soul?
And can a melody of a symphony inspire you?
Inspire youLook around, look around, tell me can you see
All the wonder in the world is reason to believe
That there is something more, a love we can't ignore
Behind the beauty, yeahOh, can you remember your first kiss?
Were you nervous and clumsy?
But was it perfect and innocent?
Sometimes the smallest things
Can cause our hearts to sing the loudest, the loudestLook around, look around, tell me can you see
All the wonder in the world is reason to believe
That there is something more, a love we can't ignore
Behind the beauty, yeah, yeahJust look around, just look around
(Just look around)
There's a God who made us
(Just look around)
There's a God who loves us
And He's speaking to us, to us(Just look around)
There's a God who made us
(Just look around)
There's a God who loves us
And He's speaking to us, it's beautifulLook around, look around, tell me can you see
All the wonder in the world is reason to believe
That there is something more, a love we can't ignore
Yeah, there is so much more, a God we can't ignore
Behind the beauty
