

Stay Awake

Mindy Gledhill

Stay awake, don't nod your head
Don't lay down upon your bed
While the moon is in the sky
Stay awake, don't close your eyes

Though the world is fast asleep
Though your pillow is soft and deep
You're not sleepy as you seem
Stay awake, don't nod and dream
Stay awake, don't nod and dream

You're not sleepy as you seem
Stay awake, don't nod and dream
Stay awake, don't nod and dream
