

# Redeeming Love

[Amy Stroup](#)

[Verse 1:]

It's too late to tell

The damage done

It's too late to find

Where the source came from Forgiveness calls

It beckons me

To find the courage

Let it be[chorus]

I fixed my eyes

On redeeming love (4x)[Verse 2:]

You can't turn back time

You can't erase the truth

You can't relive things

You wanna undo

Fall for words

It'll mark your soul

You heart tender

And your thoughts bold And I fixed my eyes

On redeeming love (4x) I fixed my eyes

On redeeming love (4x)
