Bartender
[Old Version, Dave & Tim tour of Spring '99]
And if I go, before I'm old
Oh brother of mine, please don't forget me if I go
And if I die, before my time
Oh sweet sister of mine, do not regret me if I die
Bartender, please fill my glass for me
With the wine you gave Jesus
That set Him free after three days down
Bartender, please fill my glass deep for me
With the wine you gave Jesus
That set Him free after three days down
On bended knees, I pray, Bartender please
On bended knees, God please
Oh, and if this gold, should steal my soul away
Oh mother of mine, please redirect me if this gold...
Bartender, please fill one up for me
Of the kind you gave Jesus
That set Him free after three days down
On bended knees, I pray, Bartender please
On bended knees, Bartender please
[The Newer Version, from Summer 2000]
If I go
Before I'm old
Oh, brother of mine
Please don't forget me if I go
Bartender, please
Fill my glass for me
With the wine you gave Jesus that set him free
After three days in the ground
Oh, and if I die
Before my time
Oh, sweet sister of mine
Please don't regret me if I die
Bartender, please
Fill my glass for me
With the wine you gave Jesus that set him free

After three days in the ground
Bartender, please
Fill my glass for me
With the wine you gave Jesus that set him free
After three days in the ground
I'm on bended knees, I pray
Bartender, please
When I was young, I didn't think about it
Now I just can't get it off my mind
I'm on bended knees
Father, please
If all this gold
Should steal my soul away
Oh, dear mother of mine
Please redirect me if this gold...
Bartender, you see
The wine that's drinking me
Came from the vine that strung Judas from the Devil's tree
It's roots deep, deep in the ground
Bartender, you see
The wine that's drinking me
Came from the vine that strung Judas from the Devil's tree
It's roots deep, deep in the ground
In the ground...
I'm on bended knees
Oh, Bartender, please
I'm on bended knees
Father, please
When I was young, I didn't dream about it
Now I think about it all the time
I'm on bended knees
Oh, Bartender, please
Bartender, please
