[Stan Walker](#)

You Never Know Lyrics by Stan Walker I don't even know ya, but I'd like to get to know ya

This might sound crazy, but I'm the one for you baby You the brown skin ????

Long legs, hour glass, baby you a ten

Girl I wanna Know ya, can you let me just show ya Can I move with ya baby come close are you ready

Take it slow run it back once more

Now groove with me baby, gotta move to the beat and

Take you to a place where we can go crazy You never know where this feeling can take you tonight Yeah

Oh you never know yeah, but i will be comin in for ya you never know (you never know) x 4

aw nah nah nah nah nah yeah x 8 I know I'm not your first love, but I know i'll be your last One

This might sound crazy, but I'm the one for you baby You the brown skin ????

Long legs, hour glass, baby you a ten

Girl I wanna Know ya, can you let me just show ya Can I move with ya baby come close are you ready

Take it slow run it back once more

Now groove with me baby, gotta move to the beat and

Take you to a place where we can go crazy You never know where this feeling can take you tonight Yeah

Oh you never know yeah, but i will be comin in for ya you never know (you never know) x 4

aw nah nah nah nah nah yeah x 8
