

G.L.O.W.

Smashing Pumpkins

I'm so alone, I'm so alone, I'm thinking
I'm so alone, I can't get old
I'm so alone, I'm so alone, I can't get it off of you For you love yourself
For you love yourself and no one else
The bitter root of self
Come on baby, no time for maybes
One last trip to hell Come on, come on, come on
Can you feel it?
Come on, come on, come on
Can you feel it glowing you? Slowing you?
Is it glowing you? I'm so alone, I'm so alone, I'm sinking
I'm so alone, I can't get lost for you For you love yourself
For you love yourself and no-one else
The bitter root of self
Come on baby, you drive me crazy
One last trip to hell Come on, come on, come on
Can you feel it?
Come on, come on, come on
Can you feel it glowing you? Slowing you?
Is it glowing you? It's not strange
That you're not sane, from you It's not strange
That I'm so strange
Released Come on, come on, come on
Can you feel it?
Come on, come on, come on
Can you feel it? Come on, come on, come on
Can you feel it?
Come on, come on, come on
Can you feel it? Come on, come on, come on
Can you feel it?
Come on, come on, come on
Can you feel it? Come on, come on, come on
Can you feel it?
Come on, come on, come on
Can you feel it G.L.O.W?
