Move A Little Faster

Dionne Bromfield

Yeah, yeah

How can I explain it
You got to get it, baby
Can't you see you're only chasing?
You got to step up if you're gonna do it right

You're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah
You're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah

Your mind is always racing
So work it out, baby
Got no time for fakin',
You got to step up if you're gonna do it right

You're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah
You're too slow, boy
Well, if you wanna keep up
You got to move a little faster

C'mon, you're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah
You're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah

You won't hold me
If you don't know me
If you're ever gonna be mine
You got to step up if you're gonna do it right

You're too slow, boy
Well, if you wanna keep up

You got to move a little faster, yeah
You're too slow, boy
Well, if you wanna keep up
You got to move a little faster

Oh, c'mon, you're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah
You're too slow, boy
Well, if you wanna keep up
You got to move a little faster, yeah

Step up, step up, step up
Step up, step up, step up
Move a little faster

Step up, step up, step up
Step up, step up, step up
Move a little faster, move a little faster
Move, move it, move it, move it, yeah
