Over Me (Original Version)

The Veer Union

I wish I never left you behind
If only I could just push rewind
Now that you're over me
now that you're over me yeah
why was I blind to seeThe memories of us won't pass
I try to let them go
Was our love too good to last
Will we ever knowI can see
Now you're gone
I can't seem to move on
I know why
You're the one
Cause you're my oxygenI wish I never left you behind
If only I could just push rewindNow that you're over me
Now that you're over me yeah
You are not my want you're my need
You are all the reasons I breathe
Now that you're over me
Now that you're over me yeah
Why was I blind to seeWhen you fell over the edge
I should have broke your fall
Have you heard a word I said
Are you listening at allI can see
Now you're gone
I can't seem to move on
I know why
You're the one
Cause you're my oxygenI wish I never left you behind
If only I could just push rewindNow that you're over me
Now that you're over me yeah
You are not my want you're my need
You are all the reasons I breathe
Now that you're over me
Now that you're over meI won't feel the same
I'm stuck inside the shame
And I know I'm to blame
That you don't feel the same
I won't feel againI wish I never left you behind
If only I could just push rewind

Now that your over me
Now that your over me yeah
You are not my want your my need
You are all the reasons I breathe
Now that you're over me
Now that you're over me
I know why you're the one
Now that you're over me
Cause you're my oxygen
Now that you're over me
And I won't feel again
