Be What You Want

Total Chaos

Do what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they sayPeople want a solution
But maybe there ain't one to give
This ain't no revolution
It's just being what you want to beI've just got the notion
That I've got something to say
Stand up and give your cry
Be what you wanna beDo what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they sayDo what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they sayPeople want a solution
But maybe there ain't one to give
This ain't no revolution
It's just being what you want to beI've just got the notion
That I've got something to say
Stand up and give your cry
Be what you want to beDo what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they sayDo what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they sayDo what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they sayDo what you wanna do
Say what you wanna say
Be what you wanna be
Don't matter what they say
Don't matter what they say
Don't matter what they say
