

Breaking My Back

[Mic Manik](#)

Even the early birds a sleeping, I'm already on the move, An' All these worms I'm bout to heat, these Dudes snooze they lose, Never cease in life till I'm deceased, rest in peace when I'm through, broken rules, confused, from all the years of abuse, I ain't the one to sit around Ain't just the type to do, Aint got time for all the clams, and the things they assume, they must be blind and out they mind, to think they rhyme and cuttin loose, I'm on the rise against the tide and gonna shine against high noon, That's just the way my Daddy raised Me, gotta grind it till you make it, So, I climbed the Climb, till I made it, Never gave up and they hate it, still grindin hard when they all faded, get straight A's when I'm graded, Chef cooked it up and I plate it, and this hook digs when I bait it. Breakin my Back, Wife says I'm never home, Up early, working my fingers to the bone, Breaking My Back She says IM never home, up before the sun, gotta get it before its gone. (Chorus again three times) , Grab a Jug of Coffee, stumble out the Door, I'm already running late, It's like I'm always on the go, Hope the Coppers Don't stop me, cause the peddles on the floor, Roll like a locomotive, so I'm steady blowing smoke, IF you don't know me, move it over, Cause I always go for broke, This ain't no fraud, this ain't no fake, I go hard, this Ain't no Joke, All these broads, Its like, Oh My Gawd, It's like I don't know, but I'm promisin precaution, so little momma let em' know, I'm always on the move, I'm hardly ever home, all these things I keep puttin 'num thru, It seems I'm always gone, running on fumes, Repeat this chorus once, I stay running on fumes, moving barely along, that's the price that I pay for all of these songs, Breaking My Back, She says I'm never home, Im up early, working my fingers to the bone, (repeat chorus 3 times.)
