

# Fear No Evil

## Trouble

In the midst of the darkness  
A man dressed in black  
He is the one cast down from heaven  
And is alive in him Beware the son of Satan  
Born of a jackal  
From the land of the demons  
I believe it's hell The man cares nothing for you  
He only wants your soul  
You have the right to choose your way  
Don't play the fool Beware the son of Satan  
Born of a jackal  
From the land of the demons  
I believe it's hell We must stand together  
Believe in love  
For Jesus Christ will save  
Sinners of creation
