

Parkdrive 31

Liquido

Parkdrive 31 and we've been waiting for so long so you got me on my knees I'm calling you my Baby please
when we're demanding our relationship ahead everybody knows one love must die the other grows and though I
sometimes like the rain I seldom go against the grain distracting me I got to pass the test in me We'll make it so
leave your chance to break it and on the other side we'll stake it ain't no need to fake it so let us be so free it has
chilled me to the bone all the tantrums we have thrown then you gave me proper fill for you got that certain thrill
smooth on the top and rough-skinned underneath our bliss was in the cards we dreamed of driving open cars we
had to face the human lie we'll never change but time goes by when we embrace I feel your pulse- pulse of the
feedback

we'll make it leave you're chance to break it and on the other side we'll stake it ain't no need to fake it so let us
be so free in my mind in my mind in our minds paralyzed when you made me compromise and I know that I'll
survive that is what you told me lately in that line when I was that far behind and you said my delight that is
what you told me lately
