Walls

(P.J. Pacifico)

Paul P Music ASCAP Fall for honesty

Bring back make believe

One more and I'm gone

Scars are never wrong CHORUS

Your promise means nothing at all

When walls won't fall

Time to walk away but to you it's okay

When walls won't fall Wait while all is gone

And love like you're all alone CHORUS Set in stone

Now all alone

I'm left to open up to you CHORUS
