[Verse 1 - Birdman]

See I shit on my jet

Never shit on my set

Put shit in my TEC

My shit all good, nigga my shit and my hood

My shit bounce back like I knew my shit would

Paper chase, make money, see the sunshine

Big time, nigga put the money on grind

On rewind nigga set a new heights

Get money all night

Nigga taking private flights[Chorus - T-Pain] X2

You know I'm getting money

Shining like I sparkle

Sparkle like I shine

Bitch I'm on my grind

If you don't believe it look at these zeros

Cheddar cheese, the bread, mucho deniro

I'm getting money[Verse 2 - Birdman]

Got on pinky red diamonds

Red bandanas

That's how we plan it

Swerving in the Bentley

All red candy

Tool on my side

Duffle bag full of paper homie

Big money nigga that's how we play it homie

While some niggas ball watch them fall

Watch them niggas don't fall ball and bounce right back nigga[Chorus][Verse 3 - Birdman]

With a leader

Sprite, two liter

Watch with the meter

Nigga couldn't see her

Nigga want to eat her

Nigga you can eat her

Money you can feed her

Diamonds with a chauffeur

Milk colored new Benz
New condo, spent about five M's
New diamond teeth, spent one M
New Jacob, Versace with the new lens[Chorus][Bridge - T-Pain]
