

From God's Perspective

Bo Burnham

"There's things I don't want to be misconstrued in my act that I feel often are. I don't want you leaving my show thinking that I think I know better than people or that I, I think I'm better than people in general. Um, okay, I just wanted to put that out there. Uh, this is a song from the perspective of God."The books you think I wrote

Are way too thick

Who needs a thousand metaphors to
Figure out you shouldn't be a dickAnd I don't watch you
When you sleep

Surprisingly I don't use my omnipotence
To be a fucking creepYou're not going to heaven
Why the fuck do you think

I'd wanna kick it
With youNone of you are
Going to heaven

There's a trillion aliens
Cooler than youYou shouldn't sustain from rape
Just 'cause you think that I want you, to
You shouldn't rape

'Cause rape is a fucked up thing to do"Pretty obvious just don't fucking rape people, please. Don't think I have
to write that one down for 'ya."I don't think masturbation
Is obscene

It's absolutely natural
And the weirdest fucking thing I've ever seenYou make my job
A living hell

I sent gays to fix overpopulation
And, boy, did that go wellYou're not going
To heaven

Eat a thousand crackers
Sing a million hymnsNone of you are
Going to heaven

You're not my children
You're a bad game of SimsYou shouldn't sustain from pork
Just 'cause you think that I want you, to
You can eat pork

"'Cause why the fuck would I give a shit?"I created the universe, think I'm drawing the line at the fucking deli
aisle?"You argue and you bicker
And you fight

Atheists and Catholics
Jews and Hindus argue every nightOver what they think is

True

But no one entertains the thought that
Maybe God does not believe in you You're pray so badly for heaven
Knowing any day could be the day that you die
But maybe life on Earth could be heaven
Doesn't just the thought of it make it worth a try My love's the type of thing
That you have to earn
And when you earn it
You won't need it My love's the type of thing
That you have to earn
And when you earn it
You won't need it I'm not gonna give you love
Just 'cause I know that you want me, to
If you want love
Then the love has gotta come from you.
