

Senorita

Jin

Yea, yea, Jin Jin
The rest is history
Lemme take you to mah hood
C'mon, c'mon, c'mon I'm goin' to Miami, I'm goin' to the fair
To see a Senorita, with flowers in her hair
Aww, shake it Senorita, shake it if you can
Show all the boys around the block you're doin' your damn thing Wait a minute, wait a minute, this is how it
started
Senorita caught my eye, she shake it the hardest
Yeah, she knows that I'm an artist, but that's regardless
Situation elevatin', I'm anticipatin'
Body got me mesmerized, I ain't tell no lies
You better tell those guys, you belong to me I followed you, danced wit' you, bounced wit' you, shaken wit' you
girl
I'm lovin' you, hatin' you, where would you fake wit' you girl
We can do anything under the moonlight
You in the mood right, I'm in the mood too
Now shake it shake it, keep doin' what you gotta do
I know a lot of J O's, but they ain't fly as you I'm goin' to Miami, I'm goin' to the fair
To see a Senorita, with flowers in her hair

Show all the boys around the block you're doin' your damn thing I'm goin' to Miami, I'm goin' to the fair

Give her to me, I'll make her hotter than a fever
Talk to me ma, is it the palm trees
Blue water while we fallin' off our jet-skis Back to the hood, we can get nice together now
Take the tobacco out the wood whatever
You know I'm number one, you bangin' like the drums
Listen to the ocean while we chill under the sun
As tastefully, basically it
