Tonight

Westlife

Lately I'm so tired, if I took it all I'll warn you
I never meant to, if I left you outside
If you ever felt I'd ignored you
No my life is all you
So put your best dress on
And wrap yourself in the arms of someone
Who wants to give you all the love you want
Tonight, I'm gonna make it up to you
Tonight, I'm gonna make love to you
Tonight, you're gonna know how much I missed you, baby
Tonight, I dedicate my heart to you
Tonight, I'm gonna be a part of you
Tonight, you're gonna know how much I miss you
And I miss you so
I don't wanna act like
I know that you'd be mine forever
Though I hope it's forever
Don't want you to feel like
I take you for granted
Whenever we are together
So put your best dress on
And wrap yourself in the arms of someone
Who wants to give you all the love you want

Tonight, I'm gonna make it up to you
Tonight, I'm gonna make love to you
Tonight, you're gonna know how much I miss you, baby
Tonight, I dedicate my heart to you
Tonight, I'm gonna be a part of you
Tonight, you're gonna know how much I miss you
And I miss you so
Oh yeah, so put your best dress on
Wrap yourself in my arms of my love
Tonight, I'm gonna make it up to you
Tonight, I'm gonna make love to you
Tonight, you're gonna know how much I miss you, baby
Tonight, I dedicate my heart to you
Tonight, I'm gonna be a part of you
Tonight, you're gonna know how much I miss you, baby

Tonight, I'm gonna make it up to you
Tonight, I'm gonna make love to you
Tonight, you're gonna know how much I miss you, baby
Tonight, I dedicate my heart to you
Tonight, I'm gonna be a part of you
Tonight, you're gonna know how much I miss you
And I miss you so
