

# End Of All Days

## 30 Seconds to Mars

I'm tired of waiting  
For the end of all days  
The prophets are preaching  
That the gods are needing praise  
Headlights are coming  
Showing me the way  
Serpents are singing  
A song that meant to save  
All we need is faith  
All we need is faith  
Faith is all we need  
The desert is calling  
The emptiness of space  
The hunger of the lion  
Is written on your face  
A maniac's love song  
Destruction's his game  
I need a new direction  
'Cause I'm lost my way  
All we need is faith  
All we need is faith  
Faith is all we need  
All we need is faith  
All we need is faith  
Faith is all we need  
The maniac Messiah  
Destruction is his game  
A beautiful liar  
Love for him is pain  
The temples are now burning  
Our faith caught up in flames  
I need a new direction  
'Cause I have lost my way  
All we need is faith  
All we need is faith  
Faith is all we need  
All we need is faith  
All we need is faith  
Faith is all we need  
Lifetime of consumption  
They've all become  
I punish them with pleasure  
And pleasure some with pain  
I punish you with pleasure  
And pleasure you with pain  
I punish you with pleasure  
And pleasure you with pain
