Fatal Attraction

Ikon

I've heard so much about you
There's more to what it seems
I felt a force around you
A negativityOver my shoulder
Beside myself
I cannot escape
The wrath itselfYour pushing me over
I'm left all out of place
I cannot see clearly
You've gone too farI can't say what I think
As I don't know for sure
Is this a passing phase
Or a fatal attractionOver my shoulder
Beside myself
I cannot escape
The wrath itselfYou're pushing me over
I'm left all out of place
I cannot see clearly
You've gone too farCan't you leave me alone (2)My fatal
