Heebie Jeebies

O Sister!

I got the heebies, I got the heebie jeebies
And I'm talking about
Got the heebie jebbie blues
We fall in love
Come on now just a little bit joy say
Baby, don't you know?
Come on show it and we don't feel blue
Say come on down and do that dance
Called the heebie, the heebie jeebie dance
Called the heebie jeebie dance
I've been having 'em, having 'em all day long
I've got the heebies but I can't go wrong
'Cos when I got them, I just roll along
Now listen, everybody, while I sing my song
I'm talking 'bout the dance
That makes you shake your shoes
The dance that gives you folks
The heebie jeebie blues
Oh, it's called the heebie jeebie dance
Called the heebie jeebie dance
Oh, I got the heebies, I got the heebie jeebies
And I'm talking about
Got the heebie jebbie blues
We fall in love
Come on now just a little bit joy say
Baby, don't ya know? Come on show it
And we don't feel blue
Say come on down and do that dance
Called the heebie, the heebie jeebie dance
Called the heebie jeebie dance
Baby, don't ya know? Come on, show it
And we don't feel blue
Say come on down and do that dance
Called the heebie jeebie dance, young man
Called the heebie jeebie dance
I got the heebies, I got the heebie jeebies
And I'm talking about
Got the heebie jebbie blues
We fall in love

Come on now just a little bit joy say
Baby don't ya know? Come on show it
And we don't feel blue
Say come on down and do that dance
Called the heebie, the heebie jeebie dance
Called the heebie jeebie dance
I got the heebie jeebies
What ya doing with the heebies?
Man, I got those heebies
Got those heebies, the heebie, jeebie blues
