Never Alone

Channel Zero

No one has more advantage
No single force has ever changed
Once you're born life's his prey
There's nothing to derangeSlowly creeping on you
Watch out where you step
as silent as a dark shadow
Never alone until you goToday's my turn and tomorrow you will burn
I've seen what you are and you will be
what I am, what's left from meRemember mortal
that this will be your fate in the end
Remember mortal
and think twice because it can strike really fast
Remember me
in eager expectation
It lies dormant on the wait
avoid to awake it, don't get trapped
otherwise it's far too late.Slowly creeping on you
Watch out where you step
as silent as dark shadow
Never alone until you goToday's my turn and tomorrow you will burn
I've seen what you are and you will be
what I am, what's left from me.Remember mortal
that this will be your fate in the end
Remember mortal
and think twice because it can strike really fast
I possess your body fast
I control your heartbeat fast
Life's reproduction
to the last
constant self destructionSome people did, others did not
no commitment to think about
has no sex, has no shame
It's very common with a universal name
but when it's there, your body knows
something similar, cold as ice

All your people, realize
rich or poor, we all pay the same
we all pay the same price
I'm not telling you lies.
