

Stranger (ft. KillaGraham & Sam Dew)

[Skrillex](#)

Here in the dark I can see where you are
I see so clearly
The beat of my heart just stops and starts
Whenever you're near me
I just gotta thank you, all the love I gave you
Came and you took it all away
And now there is no pain, there's everything to gain here
Now that I'm lost I think I'll stay In hell, there's comfort in these flames and I don't feel the pain
In hell, I'll forget your name here, you'll become a stranger (Become a stranger) I'll forget your name here,
you'll become a stranger (You'll become a stranger) I'll forget your name here, you'll become a stranger (You'll
become a stranger) Here in the dark I can see where you are
I see so clearly
The beat of my heart just stops and starts
Whenever you're near me
I just gotta thank you, all the love I gave you
Came and you took it all away
And now there is no pain, there's everything to gain here
Now that I'm lost I think I'll stay (Stranger) In hell, there's comfort in these flames and I don't feel the pain
In hell, I'll forget your name here, you'll become a stranger In hell, there's comfort in these flames and I don't
feel the pain
In hell, I'll forget your name here, you'll become a stranger (Become a stranger)
