

# Tip It Back

## Florida Georgia Line

When you got a rocking chair  
On your front porch, tip it back  
When you got a Georgia Bulldog  
Ball cap, tip it back  
When you're parked back off a dirt road  
In your girlfriend's Cadillac  
Find that button on the front seat  
And tip it back, aw yeah  
Yeah, if you had a long day or a long week  
Grab a long-neck if you're with me  
Come on now, holler "Hell yeah"  
'Cause tonight we're here to party  
And don't worry about anything  
Except what's in your glass  
Whether it's a cold beer, tequila  
Or a double shot of Jack  
Yeah, all you need to do tonight is tip it back  
Tell 'em 'bout it, PK  
When that bar keep brings you change  
Just tip it back  
When you're two stepping  
With your baby, man, tip her back  
When you don't get paid for next week  
But you need some drinking cash  
Find that coffee can stash and  
Tip it back, come on, baby  
If you had a long day or a long week  
Grab a long-neck if you're with me  
Come on now, holler "Hell yeah"  
'Cause tonight we're here to party  
And don't worry about anything  
Except what's in your glass  
Whether it's a cold beer, tequila  
Or a double shot of Jack  
Yeah, all you need to do tonight is tip it back  
Put that bottle to your lip  
Take a sip, man, tip it back  
Tie a cherry stem knot  
With your tongue, girl, tip it back  
If you like a pineapple  
Coconut rum, baby, tip it back  
If you got a home grown  
Moonshine flask y'all, tip it back  
Come on  
If you had a long day or a long week  
Grab a long-neck if you're with me  
Come on now, holler "Hell yeah"  
'Cause tonight we're here to party  
And don't worry about anything  
Except what's in your glass  
Whether it's a cold beer, tequila

Or a double shot of JackYeah, all you need to do tonight is tip it back  
Yeah, all you need to do tonight is tip it back  
Yeah tip it back, yeah tip it back  
Alright
