

Feats Don't Fail Me Now

Little Feat

Your daddy says I'm no good
Your momma says keep away
Got to tell you truthful girl you can never make me stay
I got something up and down this coast
Bet you my last dollar girl I can love your love the most

Don't the sunrise look so pretty
Never such a sight
Like a rollin' into New York City
With the skylight in the morning light
Roll right through the night
I said Roll
Roll right through the night
I said Roll

Semi-smokin mama, you got to give me some
Heard you got the biggest, biggest truck in town
Right on through to Baltimore you got to love me now
Give it to me gently, oh its feets don't fail me now
Feets don't fail me now
Feets don't fail me now

Don't the sunrise look so pretty
Never such a sight
Like a rollin' into New York City
With the skylight in the morning light
Roll right through the night
I said roll
Roll right through the night
Roll right through the night
Roll right through the night
Roll right through the night
Roll right through the night
Roll right through the night
Roll right through the night
Roll right through the night
Roll right through the night, Roll

Roll right through the night

Roll right through the night, Roll on
Roll right through the night
Roll right through the night
Roll
Roll right through the night
Roll
Roll right through the night
I said Roll
Roll right through the night
Roll
Roll right through the night
I said roll
Roll right through the night
I said roll
Roll right through the night
I said roll
Roll right through the night
Said roll, yeah roll
Roll
Roll right through the night
Roll right through the night
Roll right through the night
I said roll right through the night
Roll right through the night
I said roll right through the night
Roll right through the night
Right right right
Roll roll
Roll on, I said roll on
I said roll roll roll roll on
Roll roll roll roll roll
Roll right through the night
Roll
I said roll
I said roll
Right through
The night
