

Tramp

ZZ Top

Tramp
You could call me that
I don't wear continental clothes
Stetson hats, sometimes Momma would
Papa too
I love this child
It's all I know how to do Call me country
Right from the words
I'll answer when you call me
'Cause baby, if that makes you feel good Momma would
Papa too
I love this child
It's all I know how to do Now whatever you call me
I'll even go for that
'Cause I keep a big
Fat bank roll in my pocket, baby And I'm personal friends
With the dealer who owns
All the dealerships
Of all the Cadillacs Momma would
Papa too
I love this child
It's all I know how to do
Come on child, let's play it
