

Killing Time

Stevie McCrorie

When i was just a little boy,
I laid in bed thinking at night
Dreaming about all the possibilities for me and my brothers
I've always had a worrying mind
That stayed with me all of my life
It's as deep as the ocean
My mother said I got it from my fatherShe said don't you worry
Life is short so,
make the most of what you got(chorus)
We all gotta live for something, something that we believe
We all gotta find that one thing, one thing that you need
We don't live forever, sometimes you gotta fight.
If we don't, if we don't than were all just killing timeAnd now that I become a man
I'm doing everything that I can
Breaking the boundaries always looking towards the future
Going after what I love
And I will never let it go
I wear my heart on my sleeve and I'm not afraid to let it show(chorus)
We all gotta live for something, something that we believe
We all gotta find that one thing, one thing that you need
We don't live forever, sometimes you gotta fight.
If we don't, if we don't than were all just killing timeDon't you worry, life is short so make the most of...
Make the most of what you got(chorus)
We all gotta live for something, something that we believe
We all gotta find that one thing, one thing that you need
We don't live forever, sometimes you gotta fight.
If we don't, if we don't than were all just killing time
