

Walk on the Wire

Sahara Hotnights

Sunday comes and my baby's not here
I make lonely weekend calls
I got to tell you something
A kid saying I won't be bad no more
Come on, come on did you ever see my ghost before? Who's gonna walk on the wire?
Who's gonna walk on the wire?
Stray cat you talk like a liar One wrong step on the side of the road
Don't save me when I start to fall
One part luck, ninety-nine part genius
Thin like a paper wall
Come on, come on did you ever see my ghost before? Who's gonna walk on the wire?
Who's gonna walk on the wire?
Stray cat you talk like a liar Who's gonna walk on the wire?
Who's gonna walk on the wire?
I don't wanna be with no other Walk on the wire
Walk on the wire
Walk on the wire
