

In the Cauldron of Love

The Icicle Works

There's something happening in the cauldron of love
We eagerly wait to feel the labours of love
On the shallow river, we were hatching schemes
Maybe life isn't what it seems
Maybe life isn't what it seems

Beneath a grapefruit moon, we would roll in the grass
You said these times must never pass
I know in love was where you wanted to be
But when I ran you didn't follow me
When I ran you didn't follow me

The world is waiting for cohesion to come through
Anticipation of a line that rings true
Patch it up with string and glue
Look who waits for you
In the cauldron of love
In the cauldron of love
In the cauldron of love
In the cauldron of love

There's something happening in the cauldron of love
(I had a good reason for being around)
We eagerly wait to feel the labours of love
(In a tranquil moment, it all fell down)
Where you turned up in every scene
(Spoke of love, then I held them)
Maybe life isn't what it seems
Maybe life isn't what it seems

The world is waiting for cohesion to come through
Anticipation of a line that rings true
Patch it up with string and glue
Look who waits for you
In the cauldron of love
In the cauldron of love
In the cauldron of love
In the cauldron of love

Are you in there?

Are you in there?

Are you in there?

Are you in there?
