Verse

Questions on (4x)

(It don't mean shit)

Answers on (4x)

(It might be legit)

But that don't mean

ima trust anyone's word,

But that don't mean

ima be pushed to the curb,

That don't mean

ima be the nigga standing there all alone

while times being wasted

before I'm put in the dirt

(Got Damn)

This is real shit,
Life's fun and games till it really hits,
Take a couple shots
Till your done wit,
Karma is a bitch even if you think you slick

Put in work and I'm flexing,
Going hard in the session,
All these niggas look mad
Man that must be depression,
Hope you learned your own lesson

Cause it must be affecting,
The way you are in your mind
cause your always second guessing your self

Hook (2x)

This ain't gotta be my section
This ain't gotta be my direction
This ain't really feeling right(2x)
