

# Big Sky (with Tom G. Warrior, Celtic Frost)

## Probot

My world has died  
All gusts and leaves  
Your wondrous life  
And love have ceasedAnd all you've touched  
Is dead and gone  
And night for night  
We're all aloneBig sky throning over the tree  
You've left behind  
Through these tears lost  
By your forlorn only child  
Big sky throning over the tree  
You've left behindIt hurts inside  
This silence new  
And yet i know  
The wind is youAnd all you've touched  
Is dead and gone  
And night for night  
We're all aloneBig sky endless in your overwhelming pain  
Free at last into the light behind this eternal rain  
Big sky endless in your overwhelming painYou'll never pale  
You're never gone  
And all within  
I'm not aloneBig sky
