Without You

Joy Enriquez

I knew when I saw you
I knew when you came into my life
It would be alright
And someone must have told you
Someone saw the difference in my eyes
When you're by my side I realized thatLove is a sacred thing
Love is a song I sing
It's all because of you
A heart so real, a love so true
Baby, I wanna say
That you took my pain away
And you know that I'd do
Anything for you, 'cause babyI have waited all this time
For your heart to be mine
'Cause there's no love without you with me
And now, for all that we've been through
No matter what I do
I will not be without you with meI've learned many lessons
From others with no love in their lives
How can that be right
And I've had many questions
But I always believed I see the light
Shining in your eyes'Cause that's where I wanna be
Oh baby, just you and me
Where the ocean meets the sky
Where there is no reason why
Where love is all you have to do
I can give my love to you
Over and over and over and over againI have waited all this time
For your heart to be mine
'Cause there's no love without you with me
And now, for all that we've been through
No matter what I do
I will not be without you with meLove is scared thing
Love is a song I sing
It's all because of you
A heart so real, a love so true
Baby, I wanna say
You took the pain away

And you know that I'd do
Anything, anything for youI have waited all this time
For your heart to be mine
'Cause there's no love without you with me
And now, for all that we've been through
No matter what I do
I will not be without you with meI have waited all this time
For your heart to be mine
'Cause there's no love without you with me
And now, for all that we've been through
