

Illinois Bound

Bonsai Nation

Bye bye, you're caught in a dream
This ship's about to head upstream
So leave your worries and your cares
At the foot of the stairs

'Cuz I, I'm Illinois bound
Just a farmhouse under the clouds
Me and my Illinois town will be so happy

It's time for your school and it's gotten me down
I need the blue sky and green grass of this town
A beautiful buzz with your thoughts in the clouds
I'm packing my suitcase, I'm Illinois bound

I'm Illinois bound
Just a farmhouse under the clouds
Me and my Illinois town will be so happy

Eli and Sunshine have finished their chores
And they're coming over to help you with yours
The work is done and your hands are clean
At this point I'm not sure what to sing

I'm Illinois bound
Just a farmhouse under the clouds
Me and my Illinois town will be so happy, yeah

I'm Illinois bound
Just a farmhouse under the clouds
Me and my Illinois town will be so happy
