Loco Commotion

Outside, I lay tongue-tied
Oh, help me escape now
'Cause I'm on the brink nowAnd inside I'm confusing
Myself with these conflicting emotions
I'm on the brink of finding commotionAnd who told you
To take your time?
'Cause we got none
And we need someOh, hold me, we can kiss
I'll keep a secret of why I miss you
Everyday you ease the pain
Everyday I stay the same, ohOutside, I lay tongue-tied
Oh, help me escape now
'Cause I'm on the brink nowAnd inside I'm confusing
Myself with these conflicting emotions
I'm on the brink of finding commotionAnd who told you
To take your time?
'Cause we got none
And we need someOh, hold me, we can kiss
I'll keep a secret, why I miss you
Everyday, you ease the pain
Everyday, I stay the sameOutside, I lay tongue-tied
Outside, I lay tongue-tied
Oh, help me escape now
'Cause I'm on the brink nowAnd inside I'm confusing
Myself with these conflicting emotions
I'm on the brink of finding commotionMyself with these conflicting emotions
I'm on the brink of finding commotion
Myself with these conflicting emotions
I'm on the brink of finding commotion
