Angel

:Wumpscut:

Angel Come To Me
To Me Come To Me
Angel Belong To Me
To Me Belong To Me
Angel You Have Wings
To Fly Fly To Me
Angel Do You Doubt
No Need To Have Doubt
Angel Feel My Love
My Love For You
Feel My Love For You
Angel Carry Me
To You To Your Home To Paradise
Angel I Would Lie For You
For You Just For You With My Yearning Heart
And Angel I Would Die For You
For You Just For You With My Burning Heart
Angel Don't Feel Liable
For Me And My Pain Don't Feel Liable
Cause Angels Must Be Free
High Up From This World In Eternity
Angel I Could Clip Your Wings
To Catch All Your Love To Calm Your Pain
But Angel This Would Be So Wrong
You Would Bleed To Death Immediately
So Angel Come To Me
Heal My Glaring Pain Voluntarily
I Love You
