Jesus In the Year 2000 / Next On the Shit List

Coalesce

Out of the way, John's coming through
And you're next on the shit list
In memory of the man who taught me how to live
When the chips were down and the barrel was loadedOh John, Master, peace brick thief
How can we ever forget you?
Everything we did you did bigger
And you could bring the kid out of anyone of usAnd I will never understand
What you thought you were doing
You didn't have to go out like that, John
You didn't have to do that, we love you
