

Where Did You Learn to Love Like That?

[Keith Whitley](#)

(1)

Your daddy's a professor, he's got a PHD
Your mama is director of the local library
They got you the best education money can pay
Still, that does not explain(Chorus)
Where'd you learn to love like that
Whose been teaching you
I thought I knew it all,
But you showed me a thing or two
You look too sweet and innocent
To have your love degree
Where'd you learn to love like that
The way you're loving me.(2)
I always thought of you
As such a shy and lonely girl
Your shelves are filled with books you've read
From all around the world
I've never seen you take a drink
Or act improperly
That's why it's a mystery to me(Repeat Chorus 3 times)
