

Heavenly (Instrumental)

Got A Girl

I hate the way you're looking at me
How is it that you're so unhappy
How is it when I look in your eyes
I can never see past the lies Do you know the difference anymore
Between the way things are and the way they were before
Still there's something you should know
Before you turn around to go The way your smile makes me stay for a while
And your gentle touch brings back that all familiar rush
It's not how it used to be
That I still remember my baby
Can be heavenly
