Suicide

Rezurex

All alone, driving down that road
i think im going crazy and my minds about to blow

staring at the sky, makes me think of suicide
well suicide, like a bullet between the eyes

killing time (killing time) losing my mind (losing my mind)
baby dont you know that this aint no crime

staring at the sky, makes me think of suicide
well suicide, like a bullet between the eyes

they wouldnt know, they wouldnt show
oh i can hear them laughing as they finally hit the road
i cant explain, its in my brain

they wouldnt know, they wouldnt show
oh i can hear them laughing as they finally hit the road
i cant explain, its in my brain

yes im gone (yes im gone) ill never survive (ill never survive)
saw hearses on its way its gunna take me for a ride

staring at the sky, makes me think of suicide
well suicide, its like a bullet between the eyes
